Visit Our Showroom

We carry a large selection of products in our warehouse. You can also come by our showroom and talk to one of our knowledgeable staff about the products you are looking for.

DIY Installation Guides

Click "SUPPORT" on the menu bar to find dozens of do-it-yourself articles to help you install all our products. You get step-by-step instructions plus handy tips.

For building managers and handymen, BC Site Service is a great resource for all your building repair needs. You will find site furnishings and innovative products designed from experience to solve many common repair problems. You can also utilize our years of repair and installation experience by using our support section to help you do the repairs yourself.

If there is a product or solution you do not see on our website, let us know. Our homepage links to a new product request form and we can find you the best solution.
